

ASSIGNMENT - 3

QN-2 : UPLOAD FILES IN IBM OBJECT STORAGE AND DISPLAY THEM IN HTML.

The screenshot shows the IBM Cloud Object Storage console for a bucket named 'bucketibm1514'. The left sidebar contains navigation links: Cloud Object Storage, Storage instances, Cloud Object Storage-we, Buckets, Integrations, Endpoints, Usage details, Service credentials, Connections, and Plan. The main area has tabs for Objects, Configuration, and Permissions. The 'Objects' tab is active, displaying a table of files with columns for Object name, Archived status, Size, and Last modified. Below the table is a dashed box with the text 'Drag and drop files (objects) here or click to upload' and an 'Upload' button.

Object name	Archived	Size	Last modified

The screenshot shows the IBM Cloud Object Storage console for the same bucket, but with the 'Public access' dialog box open. The dialog box has a title 'Enable public access' and a message: 'Granting public access will allow anyone to access this bucket and read all the objects in it. Are you sure you want to enable this functionality?'. There are 'Cancel' and 'Enable' buttons. The background shows the 'Access policies' section with a 'Public access' toggle.

Enable public access

Granting public access will allow anyone to access this bucket and read all the objects in it. Are you sure you want to enable this functionality?
